Whiskey, Gin and Beer Captured and Owner Arrested.

Fredericksburg. Va., July 15.—Captain Charles Gee, United States revenue officer, accompanied by Deputy Sheriff McKinney, of Lancaster County, raided the premises of Robert Rich, colored, near Kilmarnock, in Lancaster County, recently and captured a quantity of whiskey, gin and beer. In the rear of the smokehouse they found a fifty-gallon copper still fully equipped for operation. It is said the still had been in operation for some time. The still was destroyed and Rich taken before Justice Chase, who bonded him for his appearance at a later date. Whit D. Peyton, of Stafford County, and J. O. Heflin, of King George County, addressed the voters of Stafford County at Stafford Courthouse Monday in the interest of their candidacy for the Legislature from the district composed of the above-named counties. Mr. Feyton represented this district in the last Legislature. A Democratic primary will be held August 5, the date of the State primary, to nominate a candidate for this office.

Commonwealth's Attorney T. Stokeley Coleman, of Spotsylvania County, is still critically ill at his home at Spotsylvania Courthouse of typhoid fever.

POLITICS WARMING UP.

Evans and Powers Making Spirited
Fight for House.

Bowling Green. Va., July 15.—Although it was not court day, yet, according to the old custom of the gathering together of the citizens of the county as they did when the old county court system was in vogue, a large number of representative citizens of the county assembled here yesterday. Politics seemed to be the chief topic of interest, and the campaign here is now warming up in the contest between S. H. Evans and David B. Powers, Jr., for the House. According to previous announcement, S. H. Evans addressed the citizens on the issues in the campaign, stating what he stood for, and what he had accomplished while he was a member of the House. Mr. Powers replied, also stating what he thought was the most important legislation to be taken up, and denicd a number of assertions made by Mr. Evans, who replied to him in a short speech. From now on it will be a hot fight between the legislative candidates.

Perhaps the only thing to be said in favor of this Russian counterpart of Marsaal Bazaine, who surrendered Metz to the Germans in 1870, was, that although he had disobeyed orders, falsified official documents, rendered himself guilty of all sorts of dishonesty, as well as cowardies, yet he did not actually sell the fortress to the Japanese, that is to say, he received no money from them for its surrender. as has been alleged otherwise he would not be so destitute and entirely without means on his deathbed. Nearly four miles of excellent road has been completed, and more would have been done, but the people along the road began to charge for Your request, by mail or the soil, though all of them did not 'phone, will bring estimate This consumed so much of their money as to cut them out of nearly a mile of good road, which they needed far more than the soil. Much of the soil used for roads is worn out, and to go deeper in the ground with good plow-ing and subsoiling and the growth of peas is likely to make most of it as good as ever. The board is leaning to the construction of roads in those sections where there will be no charge

A proposition was made to the board by Mr. Stacy that if, instead of turn-ing the road force back at the end of six months, and then going west, as at present arranged, a fund of \$3,000 would be put up by citizens to buy sufficient teams and wagons to double the capacity of the force, and then the road must continue on east till it reaches the county line at Namoz'ne Creek. It was shown that this could be accomplished in about twelve months after getting a full equipment of teams. Then, with a double force, work in other sections could be carwork in other sections could be car-ried on twice as fast, and nobody would be the loser. Every district would greatly benefit by the increased force. The board determined to allow the force to continue on this route twelve months after the present six-months' engagement if the \$3,000 is raised. Efforts to secure the subscription will begin at once, and very lib-eral contributions already have been
